Attention Teachers and School Administrators:

The Peer Assistance and Leadership (PAL®) program is aware that schools and districts are always looking to prepare for future school years and what programming will be offered. With that, we are happy to share that we are currently in the process renewing both courses with the Texas Education Agency (TEA).

This is a normal and customary process that we follow according to TEA's timeline. We will provide any updates as they are made known to us by TEA. The process typically takes several months to complete and we look forward to another successful outcome to this very important initiative.

Sincerely,

Debra Ellison
